Both companies will remain focused on serving the needs of mid-market, closely held, and family-owned businesses located in the Midwest, along with the financial institutions, and professional service providers that support them.

The combined experience of the alliance's directors gives them extensive experience in:

- Automotive
- Aerospace
- Distribution
- Retail
- Food Production
- Nonprofits

With offices located in Columbus, Grand Rapids, and Detroit, the JACO/DWH strategic alliance provides both companies with an expanded reach to better service clients located in America's heartland. JACO Managing Director Jeff Cope had this to say about the strategic alliance:

"We've been working with DWH on projects since 2014, and our core values are very closely aligned, establishing a formal strategic partnership with them was just a natural progression in what was already a long-term relationship."
